Test Submission

Journal: Test Journal   NIHMSID 16305   Provide citation

Step 1. Review Deposited Files

📄 PDF Receipt[2015-12-11 11:30:05, 175.4 KB]

Please reject the deposit if any files are missing.

☐ *By checking this box I certify that this manuscript submission includes all referenced figures, tables, and supplemental materials.*

Step 1: Start by reviewing the files. The PDF Receipt summarizes the information that the submitter entered into the system and merges the files into one viewable document for your approval. If all of the files are present and complete (all provided supplemental files will display as placeholders only), please check the box and move on to Step 2.

Step 1. Review Deposited Files

Step 2. Add or Review Funding

Step 3. Reassign Reviewer

Step 4. Select or Review the Embargo Required by Journal or Publisher

Step 2. Add or Review Funding

Funding support is required to approve the initial deposit.

Grantee/PI	Grant/Project ID	Title
Test Person	P50 AI123456	Grants for Testing

Add Grants
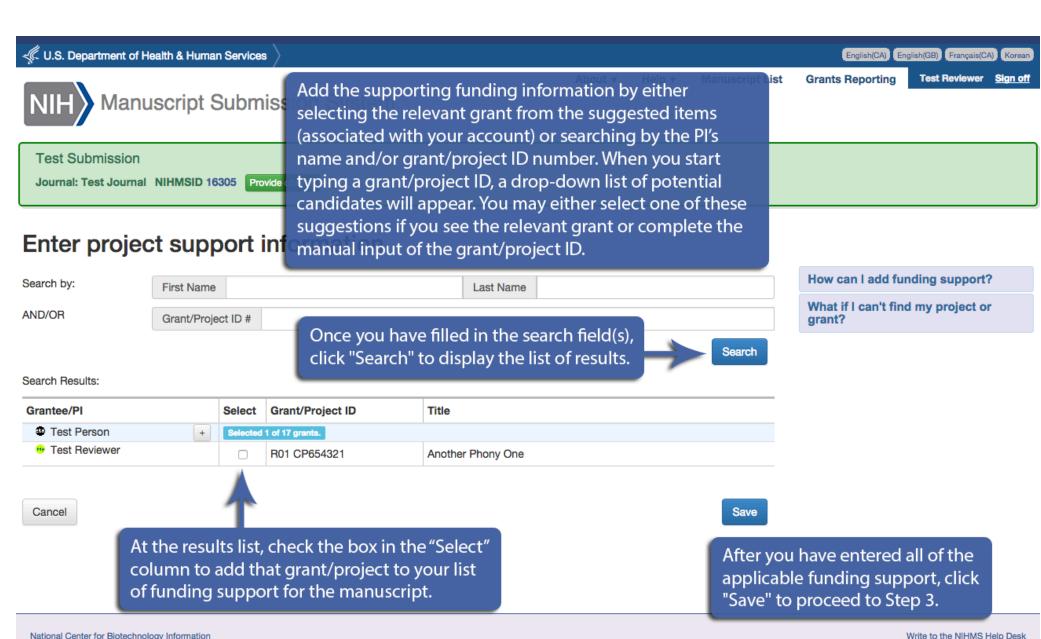

Step 2: If there is applicable funding that is not already listed here, please click "Add Grants" and link that funding to the submission. ** If this project was not funded by any of the agencies listed on the NIHMS Funders page, please stop here and contact the NIHMS Help Desk. **

Step 3. Reassign Reviewer

If you are not an author or PI or cannot complete the current review or link to the PMC-ready documents version when they are available, please reassign to another Reviewer.

Select	Reviewer		
○	**Test Person**		
●	**Me (Test Reviewer)**		
○	First Name	Last Name	Email

If there is a problem with the files uploaded for your manuscript, please reject the PDF (skip to Slide 6).

Step 4. Select the Embargo Required by Journal or Publisher

Release in PMC [12 months ◇] after publication in the journal.

Journal: Test Journal   NIHMSID 16305   Provide

Enter project support information

Add the supporting funding information by either selecting the relevant grant from the suggested items (associated with your account) or searching by the PI's name and/or grant/project ID number. When you start typing a grant/project ID, a drop-down list of potential candidates will appear. You may either select one of these suggestions if you see the relevant grant or complete the manual input of the grant/project ID.

Search by:

| First Name | | Last Name | |

AND/OR

Grant/Project ID #

How can I add funding support?

What if I can't find my project or grant?

Once you have filled in the search field(s), click "Search" to display the list of results. ➡ Search

Search Results:

Grantee/PI	Select	Grant/Project ID	Title
⊕ Test Person [+]	Selected 1 of 17 grants.		
⊕ Test Reviewer	☐	R01 CP654321	Another Phony One

Cancel

Save

At the results list, check the box in the "Select" column to add that grant/project to your list of funding support for the manuscript.

After you have entered all of the applicable funding support, click "Save" to proceed to Step 3.

Review of NIHMS submission statement

Submission Statement

Please take a moment to read over our Submission Statement and certify that you have the rights to provide this manuscript for public access.

Manuscript Title: Test Submission
Accepted for Publication in: Test Journal

I am an author of this manuscript, and I am providing it to the National Institutes of Health (NIH) to make publicly available in PubMed Central **12 months** after its official date of publication in the journal.

I confirm that:

Publication and Copyright Agreements — In any agreements that I have made with the journal, I have retained the right to deposit *this version* of the manuscript with PMC, so that it may be appropriately tagged and made available to the public on the NIH web site; or, I otherwise am legally authorized to deposit this

If you need to go back to change the embargo, click the "Change Release Date" button.

If for any reason you disagree with the Submission Statement, click "Disagree" and submit a comment so we can assist you.

manuscript may contain confidential... prior to publication of the paper in the named journal.

Peer Review — The version I am depositing has been peer reviewed and accepted for publication and includes all modifications resulting from the peer review process.

Funding — The manuscript is the result of research supported... partly by... or fully by... NIH.

Otherwise, click "Agree" to finalize your approval, and we will begin processing your submission.

WHAT'S NEXT?

Step 3
NIHMS staff reviews the approved files for completeness, and complete submissions are converted to archival XML. The PMC-ready documents (Web and PDF versions) are checked to ensure they accurately reflect the submitted files. Processing time for this step is usually 2-3 weeks but may vary depending on the volume of submissions at a given time. An e-mail notification is sent to the Reviewer when the record is available for final review.

Step 4
The Reviewer reviews the PMC-ready documents (Web and PDF versions) and either requests corrections or approves them for inclusion in PMC. Final Approval is required to complete manuscript processing in NIHMS.

Step 5
A PMCID is assigned when the manuscript is matched to a PubMed record with complete citation information. For details, see When will a PMCID be assigned to my manuscript?
